Food

The hotel has an excellent reputation for food. Our food is freshly prepared on the premises by our team of chefs, this gives us the flexibility to create a menu to suit your tastes.

Below we have prepared a sample menu. The menu is designed for events where guests can meet and mingle. The food items are designed so they can be eaten without a knife and fork to allow people to move freely. If, however, you would like a different style buffet menu where guests sit and dine, we are more than happy to create one for you. Please speak to our team and we can advise and adjust the maximum seating.

Reception drinks

Dependent on the time of year you may wish to greet your guests in the wonderful gardens or terrace. We can advise on selection of aperitifs, sparkling wine, or soft drinks. Please discuss with our team to work into your schedule and for pricing.

Wines and other drinks

We have a strong relationship with some excellent suppliers and can advise on the right wines and drinks to accompany your meal.

Room and room layout

We have three beautiful rooms available. It is also important to consider the table plan before inviting your guests. Our team can assist and suggest the best options.
